ANNUAL MEETING AND ELECTION

The May 14 meeting will be preceded by a brief business meeting. Results of the election will be announced. If you were a paid-up member of the Washington Statistical Society on the date of mailing, you will find enclosed a ballot and a prepaid return envelope. To be counted, ballots should be returned to the ASA office by Wednesday, May 14. An early return will be appreciated. If you have not yet paid your \$1.00 chapter dues, but do so before May 14, or if you are already paid up and have failed to receive a ballot, please call the ASA office, EX 3-3253, to request a ballot.

Under the amendment to the constitution adopted March 12, 1958, the office of Secretary-Treasurer is no longer subject to balloting, but instead is filled by appointment by the Executive Committee.

LECTURES ON THE MANAGEMENT SCIENCES

Jointly sponsored by:

Washington Statistical Society	Operations Research Society of America
Institute of Management Sciences	Association for Computing Machinery
Society for Industrial Applied Math.	AAAS, Section K
	Society for Advancement of Management

A series of programs has been especially designed for the members of the Washington chapters of the sponsoring organizations. The theme of the series is the application of scientific techniques to the making of management decisions. The lectures will be presented on six consecutive Tuesdays at 8:00 p.m. There is no admission charge and the public is invited. The first two sessions, at least, will be held at the Department of Interior Auditorium (air-conditioned), C St. between 18th and 19th Sts., N. W. A more detailed program will be available at the first session.
