Co-sponsored by the Washington Statistical Society and the
American Statistical Association

THE 30TH ANNIVERSARY OF COGSIS

CHAIRMAN: Dr. Meredith B. Givens

SPEAKER: Prof. Frederick F. Stephan

COGSIS (Committee on Government Statistics and Information Services) was sponsored by the American Statistical Association and the Social Science Research Council. Composed of eminent statisticians and users of statistics, between 1933 and 1935 it intensively reviewed the entire Federal statistical structure. Its report, issued in 1937, greatly influenced the development of the present Federal statistical system.

Prof. Stephan worked closely with COGSIS. He was then Secretary-Treasurer of ASA and editor of the ASA Journal. After issuance of the report he became the ASA representative on the Central Statistical Board and helped carry on the work that COGSIS began.

Members of COGSIS and of the Committee's technical staff living nearby have been invited to the dinner. Committee members who have already accepted are: Dr. Donald Belcher, Prof. Murray Benedict, Dr. Ewan Clague, Dr. Stuart Rice, and Dr. Ralph Watkins.
